

## Add Questions to Surveys

1. Questions can also be a part of a survey. Open **Setup** from the Modules menu.

2. Select the **Questions** tab.

3. Click on the **Add** button.

4. The **Question ID** is incremented. Fill in the question.
5. Follow the instructions to indicate the spacing and where the question is displayed.
6. Click on the **Add Question** button. Repeat steps as needed.
